U.S. NOT TO BE COLLECTOR OF DEBTS

President Wilson Opposes Plan to Sanction Loan to China So as to Secure Payment

BRYAN SAID TO BE OF THE SAME MIND AS WILSON

Wilson Approves Budget Plan of Appropriations for Government Expenses

WASHINGTON, March 18.—It was learned from private sources today that President Wilson has determined the government shall not act as a collection agency for foreign debts to American business organizations. The President and cabinet today discussed a request made by the Morgan company, the Kuhn, Loeb company, and other financial agents participating in the six-power loan to China that the State Department sanction the loan so that the security will be unquestioned, and the return of the loan be guaranteed by the Chinese customs collections. It is understood that President Wilson is opposed to such procedure. Secretary of State Bryan is said to hold the same opinion, although he was not present at today's meeting.

BUDGET PLAN FOR RUNNING GOVERNMENT APPROVED BY WILSON
That the "budget" plan of making appropriations to run the United States government is to be adopted by the Wilson administration is indicated in a letter issued for publication from the White House today. It was written by President Wilson on Jan. 29, to Senator Tillman. It says: "I have always insisted on the absolute necessity of a carefully considered and wisely put together budget, and one of the objects I have most in mind when I get to Washington will be conferences with my executive colleagues there with the idea of bringing some sort of budget system into action."

We are happy that he has reconsidered his decision regarding the Paris embassy. In him America will be ably represented."

FEDERAL WARRANTS FOR MEN ELOPERS

SACRAMENTO, March 18.—Federal Deputy Marshal Kiernan of San Francisco arrived here today bearing warrants for Maury Diggs and Drew Caminetti, who eloped to Reno with two Sacramento society girls. He arranged with the county authorities to have the men arraigned on charges of delinquency placed against them. The program is to set the date for their trial on these minor charges and release them on their own recognizance after which they will be taken into custody on the charge of violating the Mann white slave law.

Wife of Lieut. Gov. Wallace Is Seriously Ill

SACRAMENTO, March 18.—No change is evident today in the serious condition of the wife of Lieutenant Governor Wallace, who suffered a paralytic stroke yesterday. Her power of speech is gone, but her mind is still clear. Mrs. Wallace suffered a similar attack two years ago, from which she recovered, but owing to her weakened condition of health, her friends fear she will be unable to recover from the present attack. Indeed, Mrs. Wallace had only recovered from the effects of the first stroke when the second one came.

ILLINOIS FAILS TO NAME SENATORS

SPRINGFIELD, Ill., March 18.—The state legislature is yet deadlocked in its effort to name two federal senators. Progressive leaders conferred today with Secretary of State Bryan and Governor Dunne. It is rumored a compromise was discussed. J. Ham Lewis of Chicago got eighty-five votes today, nine less than on the last ballot. The Progressives are reported as willing to support Lewis for the long term if Borchersstein, their candidate, is elected for the short term.

\$70,000 WORTH OF FULLERTON BONDS SOLD

County Board of Supervisors Accept the Bid of Los Angeles Firm

ANAHEIM DRAINAGE PETITION RECEIVED

Variety of Public Matters Are Given Consideration at Meeting Today

Fullerton's recently voted bond issue of \$10,000 for school building purposes, were sold this morning by the county board of supervisors, who met in regular session. Only one bid was received and it was from the Torrance-Marshall company, of Los Angeles, who offered to take the entire issue and pay a premium of \$50. There was a feeling that the bonds should bring a better price, but as the Fullerton authorities are desirous of getting the money promptly so as to go ahead with the school work planned, the supervisors accepted this bid.

This afternoon the petition of the Anaheim people for the establishment of a drainage protection district in that section, was presented. The petitioners are property holders and they are working in harmony for protection against probable overflows of the Santa Ana river. They were represented before the board by Attorney H. O. Ames of Anaheim, and V. L. Simpson, one of the large property owners. The supervisors will fix a date for the hearing of the petitioners.

F. M. Braley tendered his resignation as a director of Newport Drainage District No. 3, and J. W. Walton was elected his successor. M. Baylon resigned as a director in Delhi Drainage District No. 3, and H. T. Rodgers was chosen as his successor.

The plans for the Panama Exposition building at San Diego were submitted to the board, and were approved. The exposition commission advertised for plans for this building throughout Southern California, and they have asked all boards of supervisors in the southland to pass judgment upon the plans selected. The John Simpson company was the winner. C. M. Jordan's bid for the partitioning of the rooms in the basement of the court house for the use of the highway commission and county surveyor, was accepted.

Because there is a constantly increasing number of cattle running loose in the vicinity of Delhi, the supervisors decided to establish a public pound in Delhi, which will be in charge of William Kelly.

KING OF GREECE SAID TO BE SLAIN

Rumor of Assassination Heard in Capitals of Europe But Is Unconfirmed

LONDON, March 18.—An unconfirmed dispatch from Salonika to the news agency here says King George of Greece has been assassinated. The first dispatch came through Vienna. The Greek legation members admitted that they had heard rumors of the assassination but said there had been no confirmation. Reuter's News agency, however, carried an unqualified dispatch saying the king had been killed at Salonika, where he was the head of a division of the Greek army. News of his reported death reached Berlin, Rome, Paris and other capitals simultaneously although confirmation was forthcoming nowhere. The king has been in Salonika since December, when the city surrendered to the allies. Queen Olga has been with him the greater part of the time. An unsuccessful attempt was made to assassinate the king in 1895. The heir to the throne is Prince Constantine, who is now commanding a Greek force before Janina.

NO NEWS OF KING'S DEATH IS HEARD AT WASHINGTON
WASHINGTON, March 18.—No word of the reported assassination of the King of Greece has been received by the Greek legation here. Upon receipt of the news reports, the Greek minister tried frantically for news from Athens by cable.

BRYAN RECEIVES OVATION IN ILLINOIS

County Board of Supervisors Advises Legislature to Stay By Party Fledges In Choice of Senators

PRaised Governor Dunne FOR PROGRESSIVE RULE

Twisted British Lion's Tail at St. Patrick's Banquet; Britain Resents His Words

SPRINGFIELD, Ill., March 18.—Secretary of State W. J. Bryan and Mrs. Bryan and Governor Dunne arrived here today. Gov. Dunne refused to discuss the senatorial situation in Illinois.

Bryan was given an ovation when he addressed the joint session of the legislature at noon. He insisted he spoke as an individual, not as a government official. He emphasized that he was not speaking for Wilson. He advised the legislators to stand by their party pledges in the election of the two United States senators. He also praised Gov. Dunne's administration, declaring that sometimes he had almost abandoned hope of seeing the triumph of progressive principles.

BRYAN TWISTS TAIL OF THE BRITISH LION

CHICAGO, March 18.—Secretary of State Bryan in his address here last night at the St. Patrick's Day banquet of the Irish Fellowship Club reiterated his words of Saturday at the St. Patrick's banquet in Washington. "Two years from now Ireland will be celebrating home rule," he said. "There is every reason to believe that the House of Commons will pass the bill again and make it law."

Mr. Bryan declared that the victory for Ireland would be a victory for the world and would mark the end of aristocratic rule.

British Press Roars
LONDON, March 18.—The speech delivered by U. S. Secretary of State William J. Bryan at the banquet of the Irish-Americans held in Washington last Saturday, in which he congratulated the Irish Nationalists on their success in the matter of the home rule bill and practically predicted the end of hereditary rule in the British Empire, has aroused the English press.

The Morning Post describes the speech as a "blazing indiscretion."

KANSAS CITY, March 18.—Reporting a hopeless deadlock the jury trying Dr. B. C. Hyde for the murder of Col. Thomas Swope, the millionaire philanthropist, was discharged yesterday by Judge Porterfield. It was Hyde's third trial on the same charge.

RECREATION DOCK PLANNED
CLEVELAND, O., March 18.—Cleveland is planning to utilize its water front. While the river and harbor commission is preparing to develop a scheme for a chain of docks along the lake from East ninth street to Gordon park for commercial use, the city is considering development of the water front for recreation purposes. The first step probably will be establishment of a recreation pier at the foot of East Ninth street.

NEW TAX SYSTEM PROPOSED
COLUMBUS, O., March 18.—Representative Black of Hamilton county is urging a bill to do away with the state tax levy and make each county a separate taxing unit. His plan is to simplify taxation and the methods of collection and save an expense of about \$1000 a year for each of the 88 counties of the state. The present levy is 87 of a mill. The idea to make each county a separate unit is to allow it to connect and handle the taxes without contributing to the state.

NACO BATTLE MAY BE FOUGHT TOMORROW ON REBEL INITIATIVE

Reported Advance of Federal Aid For Gen Ojeda Spurs Insurrectos—Mutiny Of Yaquis Reported

NACO, Ariz., March 18.—Rumors of the probable defection of the Yaqui allies of Gen. Ojeda, commander of the federal troops at Naco, Sonora, are causing a sensation here. It is known that Gen. Obregon, commander of the rebels, at Nogales has recruited one hundred Indians to aid in the next attack on Naco. The receipt of this word at once caused a mutiny among the federal Indians who will probably desert to the rebels. This would seal Gen. Ojeda's fate. Twelve hundred rebels are moving on Naco today. Ojeda is hastily constructing earthworks and fortifying the streets of the town. It is not believed he will venture from the town again. The coming fight will probably decide the fate of the Sonora rebellion. It is now expected the clash will come about Friday next.

AVIATOR MARTIN IS PLAINTIFF IN CASE

Jury Being Secured in Orange Today to Decide Dispute Over Money Matters

ORANGE, March 18.—A jury is being called here today to try the suit of Glenn L. Martin, the Santa Ana aviator, against S. P. Keeney for \$202 which the birdman claims is due him on an automobile purchased by Keeney when Martin was doing his flying on the ground in the modern motor wagon. Keeney was appointed a sub-agent by Martin and hustled after business in this city, where he resides. He also bought an auto from Martin's agency and the amount now in dispute is claimed as balance on this machine. Keeney says he had this much coming to him for services rendered. Attorney Forky of Santa Ana is representing the aviator, and Attorneys Harwick & Hines of Orange are attorneys for the defendant.

FOREST WORKERS NEEDED
DULUTH, Minn., March 18.—Forest workers can now earn from \$35 to \$40 a month, and the companies are seeking more men. ELDERLY MAN STARTS TO GO EAST FROM ANAHEIM AND IS REPORTED MISSING

John Munch, aged 72 years, purchased a ticket and berth early last week in Anaheim and announced his intention of starting last Saturday night for Okeas, North Dakota. Not only did he fail to depart as he had planned, but he has not been seen since Thursday of last week and his friends have appealed to Sheriff Rudock and other authorities to institute search for him. It is believed he may have met with foul play as he had between \$200 and \$300 in cash in his possession when last seen.

THREATENED STRIKE IS AVERTED

2500 Electrical Workers Agree to 25-Cent Advance in Daily Wage

6 STATES WERE INVOLVED IN DISPUTE OVER WAGES

Pacific States Telephone and Telegraph Co. Will Pay Back Wages for 1912

SAN FRANCISCO, March 18.—The controversy between the Pacific District Council of Electrical Workers and the Pacific States Telephone and Telegraph company over wages, has been settled, and all danger of a strike has been averted. The vote of forty-one local unions representing twenty-five hundred men in Oregon, Washington, California, Arizona, Nevada and Idaho, canvassed at headquarters, was announced today showing that a majority favored the acceptance of the company's offer of a daily wage increase of twenty-five cents in lieu of the union's demand of fifty cents per day.

The eight crafts listed for an increase in pay are the linemen, cable splicers, switchboard men, installers, cable testers, repairmen, trouble men and inspectors. All these except the cable splicers will receive \$4 per day. Cable splicers will get \$4.75. These figures represent a twenty-five cent increase. It is understood that all other persons working for the corporation will also get a twenty-five cent per day increase.

The new agreement dates from January 15, 1913, and will be in force for one year. All electrical workers who come under the terms of the agreement, except repair men, will receive back pay from January 1 to the present. The agreement becomes operative on April 1.

BISHOP HUGHES TO LECTURE TONIGHT

Brilliant Methodist Prelate to Give Public Address at First M. E. Church

Bishop Edwin Holt Hughes of the Protestant Episcopal church, who includes in his diocese the two Methodist Conferences of California, the Nevada and Colorado conferences and the missions of Arizona and New Mexico, will lecture here tonight in the auditorium of the First Methodist church at 8 o'clock.

This brilliant young bishop is not only a speaker of notable quality, but was, at the time of his elevation to the bishopric six years ago, the most youthful bishop ever elected in the history of Methodism and possibly of any religious denomination. He is young in appearance, has a pleasing personality, and a silvery tongue capable of flowing eloquence or, if need be, of pungent sarcasm. His success as a bishop has been phenomenal and as a public speaker he is a man of wide repute.

To hear Bishop Hughes will be an opportunity that many will embrace this evening. His subject has not been announced but whatever it may be, it will be handled with convincing power. Santa Ana will doubtless extend a hearty and creditable greeting to this prominent figure in Methodism. A cordial invitation is extended to the public by the First Methodist church, to attend this lecture.

Prior to the lecture Bishop Hughes will be the guest of honor at a banquet given by the official board of the hostess church.

BIG SEWER JOB ATTRACTING INTEREST

Many Outside Contractors Are Manifesting Inclination to Submit Bids

Before the calendar has shed many April days, it is believed that actual work of construction will have been begun on the big outfall sewer system on the south side of the city. This work will cost approximately \$14,000. The contract granted about two months ago was not carried through because of defects in the legal proceedings on the part of the city.

City Clerk Burke says that there has been an unusual amount of interest manifested in this work by outside contractors. Within a day or two four contractors have been looking over the plans and specifications.

WILL BUILD THE BEST KIND OF HIGHWAYS

County Commissioners Planning Superior Results in Construction Work

Best results at the lowest possible cost is the aim of the County Highway Commissioners, who are fast completing the preliminary arrangements for the construction of the extensive good roads system through Orange county under the provisions of the \$1,270,000 bond issue.

A formal meeting of the commissioners was held at the county courthouse this morning, at which many phases of the work in hand were discussed. These include the various types of road that are desirable. It is not so easy to decide this question, because there is always question of whether the materials required in some particular kind of road can be obtained. The question of securing the requisite material is always an important one in highway building.

The commissioners held a conference with Chief Engineer Halladay, and received from him a written report, showing in detail the progress made. Afterwards the commissioners went to the rooms of the county supervisors where there was another conference.

NEWCOMBE WRECKED ON MUDFLAT IN BAY

Aviator Ralph Newcombe has about concluded that his machine is not much of a water fowl. Since his venture in the hydro-aeroplane line at Newport Bay was undertaken he has ridden more on the water than he has in the air, and he has not done much of either. The climax of his catastrophes came yesterday when his pontoons and the rest of his flying machine parted company and Newcombe was dumped out on a mud flat.

Newcombe is going back to land flying. He made a success of that and he probably needs some money to compensate him for what he has spent on the machine that he has been experimenting with on the bay.

In making the hydro he used part of Fowler's Wright biplane used in Fowler's flight across the continent. For a long time Newcombe was associated with Fowler. The hydro was rigged out with two pontoons, one on each side of the center line. Where Newcombe's chief difficulty was is not known here, but it is known that he ran smack up against several minor disasters, and his luck has been mighty poor from the start. It was not the fault of his flying, for he is an experienced birdman.
He had difficulty at first in getting off the water. His first attempt took him to a sand-bar and trimmed a wing for him. Yesterday Newcombe went forth for another trial, and everything went lovely as a wedding bell until the wedding bell dropped, or something of that kind happened.

Newcombe made a low flight from Balboa to the Corona Del Mar end of the bay, and was on his way back when he began skimming the water. The water looked all right, but it proved to be only about three inches deep over a mud flat. Newcombe's machine was whirling along about forty-five miles an hour when the pontoons raked through the thin layer of water and stuck in the mud. The pontoons stopped right there, while Newcombe and the rest of the hydro-aeroplane kept on going. Newcombe kept on going after the engine and the wings had stopped. After Newcombe had picked himself out of the water and mud, he looked around to see how the rest of the outfit had fared. The pontoons were off by themselves, and the engine was nearly out of sight in the mud.

Gage from the Balboa Pavilion came out in a power boat to see what he could do. He could not do much, but got stuck in the mud, which he did.

Newcombe got his mechanics and proceeded to rescue the wreck. In a few minutes the out-going tide had left high and dry—almost dry—the aviator and what was left of the machine.

Newcombe has had all that kind of flying he wants. He is quoted as saying that he is going to ship the biplane East, where he has some dates for exhibition flying with a land machine. He is there like a duck when it comes to a land machine, but with a hydro—well, he is there like a mud-hen.

MORE THAN \$1,200 IS DUE ON ORANGE P. E. RIGHT-OF-WAY

ORANGE, March 18.—With from \$1200 to \$1500 in pledges to the Pacific Electric fund unpaid, the local committee, which hopes to finally close up its affairs with the railroad today, faces the necessity of seeing those who have pledged sums or of borrowing the money which has been pledged but not paid.

Mr. Ainsworth, chairman of the finance committee, today stated that there is great need of the money pledged being paid at once if the committee is to be saved the embarrassment of borrowing money. Several pledges of considerable size are yet unpaid and are much needed while it is also desired to get the smaller pledges in as well.
The negotiations with C. Oehlke for right of way are still pending, the committee stating that no announcement of the situation is yet justified.

HEAVY CUT, HOWEVER, IS
VERY SURE TO BE MADE

Believed That Italian Growers'
Pre-Campaign Money Is
Having Its Effect

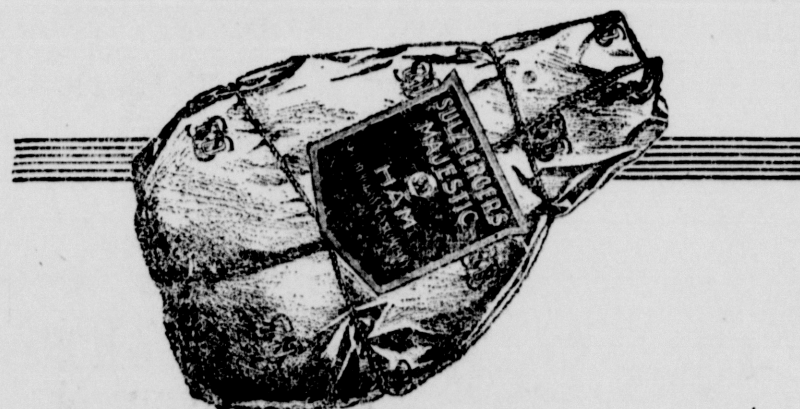

NEW YORK, March 18.—In an attempt to get a glimpse of what has been going on behind the scenes in the ways and means committee room, the rumor has been put out that lemons are to go on the free list and this was followed by another rumor that they would carry a small duty. It is not supposed that any one conversant with the facts will tell what the ways and means committee has agreed upon, but it is admitted that the committee has come to a pretty definite decision regarding the whole tariff bill and that lemons are down for a heavy cut. After action by the house, it is likely that the senate will increase the duty, but the most optimistic now feel that if lemons finally come out of conference carrying a tariff of 75 per cent, it is all they can hold for.

Congressman Needham said yesterday that he had "a hunch" that the committee would put an ad valorem tax of about 50 per cent on lemons. That would be, say, 25 cents per box. Congressman Stephens, who was discussing the matter with Needham, said he had a "hunch" that the tariff, as finally fixed, would be three-fourths of a cent per pound, or one-half of what it is now. Congressman Harrison of New York is exceedingly anxious to have lemons free. It was stated quite freely by Congressman Needham, from the stump last fall, that the importers and the growers in Italy had raised money to fight the tariff. It has also been charged that some of this money went into campaign funds for various men who were running for congress. That they should try to lower the tariff to meet this obligation, if the statements

CITY ATTORNEY HEATHMAN MAKES ANGRY ANSWER TO CRITICISM BY ALDERMAN

Redhot Finish to Meeting of City Trustees With Col. Heathman Threatening To Tender His Resignation

There was a tabasco finish to the regular meeting of the city trustees last night, and it came about when Mr. Alderman took occasion to say that he was of the opinion that City Attorney Heathman had not been courteous to the trustees in the matter of preparing certain desired legislative measures and submitting them to the solons at Sacramento without first furnishing the city fathers with copies of the same. Furthermore, there was a perceptible undercurrent of doubt in the remarks of the city legislator as to his readiness to endorse these measures unless he had some further enlightenment concerning them.

Then the fireworks came off. Colonel Heathman arose, and in words that trembled with restrained emotion, or angry passion, denied any thought or intention of being discourteous to the city trustees in that or any other matter, and resented the imputation that he had been at this or any other time, discourteous to the trustees.

"And I want to say right now that I have done my duty in this matter, and that I have always done my duty," the colonel loudly and angrily exclaimed. "And I want to say that if you can't trust your city attorney to prepare a few bills you had better get another city attorney. There are some people who never could be pleased no matter what is done for them. They always sit up and find fault. They are always finding fault no matter what is done. I think that a man who will sit up here and find fault all the time, is contemptible. That's what I mean. And I am damned tired of it. It is contemptible, that's what it is. That's what I mean for that matter." And Colonel Heathman glared in Mr. Alderman's direction with furious eyes. The latter sat with his back to the colonel and never made the slightest motion, nor changed his position.

A dead silence ensued, the city attorney standing erect with only a table between him and the trustee who was the object of his ire, but there was no further word spoken until Mayor Ely said: "If there is no further business before the board, the motion to adjourn will be in order." The motion was made and the trustees and spectators fled out of the assembly room.

Otherwise Tame Meeting
In all other respects the meeting was devoid of special interest. The first matter to receive attention was a petition received asking for the placing of a fire hydrant at Fifth and D streets. Mr. Alderman said there is no question as to the need of a hydrant in that neighborhood but he thought that some other specific location would be more desirable. The water committee will investigate.

Rates of Auto Hire
The ordinance regulating rates of hire of automobiles was read and referred to the city attorney. This ordinance makes the maximum charge for transportation of one passenger within ten blocks fifty cents, with twenty-five cents extra for each additional passenger carried at the same time. Seventy-five cents to the city limits for one passenger and \$2.50 per hour for one or more passengers, with \$2.00 as the maximum for time occupied in standing.

For Curbs and Sidewalks
The ordinance ordering the placing of cement sidewalks and curbs on certain streets, which has been under discussion for several weeks, was again considered. A few more streets have been added including some work on Myrtle and on Van Ness in front of Mr. McPhee's property, 125 feet south of Fifth street. Mr. Ely thought this latter improvement should be extended at least the length of the block. The resolution was again referred to the city attorney for completion.

Annoyed by Bell Ringing
A petition was presented for the regulating or abatement of the noise from ringing of bells in the vicinity of the railroad tracks between the hours of 9 p. m. and 6 a. m., and also against the prolonged ringing of the electric bell on East Fourth street. Residents of that section declared the bell ringing is nerve-racking and detrimental to the property interests thereabouts. The petition was referred to the health department.

As to P. E. Concessions
The petition recently published in the Register protesting against any further concessions being granted to

Clean-up Movement
A report was received from the sanitary committee of the Civics Club covering a recent tour of investigation and recommending that there be a general cleaning up of lots, lawns, backyards and alleys. It was urged that all householders join in this movement. The committee also recommended that there be a city inspector appointed at a moderate salary to see that the city be kept clean. A list of places said to be in need of attention was submitted, and it was also stated that most alleys in the business section are in bad condition. The report in full was as follows:

Santa Ana, Cal., March 17, 1913.
Hon. Board of City Trustees.

Gentlemen:—In response to a request made by some of the committees engaged in the clean-up movement for the city, recently inaugurated, the committee on sanitation from Woman's Civics Club made a tour of inspection in the main part of the city and hereby offer the following report:

From a general observation the indications are that the movement has already brought about very satisfactory results. Many of the vacant lots, particularly some of those close in, have been cleared of weeds and rubbish, plowed and put in good condition. The many well-kept lawns and clean back yards of the majority of the homes show that the residents are awake to the fact that a clean city is the city's most important asset. A visit to the City Water Works showed conditions there most satisfactory.

The general manager in charge has the work well in hand, and the cleanliness noted everywhere is evidence that the sanitary conditions are well looked after.

On the other hand, some places were observed where conditions are not as they should be; the lawns are neglected, back yards full of rubbish, trees need pruning, near by vacant lots need attention, etc.

In a few places where cows are kept, conditions are unfavorable and unsightly, and if not cleaned up before the summer season will certainly be a menace as a place where flies will breed.

Several close in vacant lots and the alleys in some parts of the business section need immediate attention. If the property owners will get busy for the next few weeks and every housewife turn her attention to the campaign against the house fly much good can be accomplished in a very short time.

A manifest need in the city was suggested to the committee in making the tour of inspection, viz: A City Inspector with a salary of sufficient amount to enable the person thus employed to give all of his time to said occupation; the work to include a general inspection of the whole city as to sanitary conditions, also the inspection of meat markets, bake shops, grocery and fruit stores and all places where foods of any kind are kept and sold, and the milk supply and weights and measures.

A bill has been introduced at the present session of the State Legislature which will, if it passes, enable the latter subjects to be included in a general inspection.

Trusting this report will be acceptable and will meet with your approval, we are

Very truly yours,
SANITATION COMMITTEE,
Woman's Civics Club.

Upon motion of Mr. McPhee the report was accepted, the thanks of the trustees voted the committee for their services, and the street department ordered to begin the work of cleaning up.

For Street Improvement
A petition was received for the improvement of East Sixth street from Main to Spurgeon by laying new pavement. The petition was placed on file.

House Mover's License
Charles W. Thorpe asked for a license to work as a house-mover, and submitted a bond in the sum of \$500. The petition was referred to committee which will have power to act.

To Remove Tree
It was ordered that a tree on the north side of First street between Main and Bush be removed.

Demand Fire Protection
Mr. Alderman referred to the recent fire at the Arcade House on East Fourth street and urged that he be given thirty days to put in fire escapes and remedy existing conditions to the satisfaction of the fire chief and building inspector. This was ordered, and that the rooms be fixed so as to afford proper breathing and sanitary considerations to occupants.

Advise Sale of Land
Mr. Grubb called attention to property owned by the city near the Washington street crossing of the Southern Pacific tracks and he suggested that it be sold, as it is, he said, of no use to the city. Mr. Ely said the city has nothing there to sell as the land is really the end of a street that once was known as Darley street, but he advised that if some good citizens might acquire the adjoining property and then the city could abandon the street to such adjoining property owner. City Attorney Heathman will give the matter his consideration and report to the trustees.

City Attorney Reports
The city attorney reported that he had held conference with Senator Anderson before the latter's departure for the state legislature meeting, and had submitted to him proposed amendments to the state laws, including one to amend the municipal corporation bill so that taxes in cities of the fifth and sixth classes may be collected semi-annually; to regulate the sale of

DOUBLY PROVEN

Santa Ana Readers Can No Longer Doubt the Evidence

This Santa Ana citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. William Thursby, 417 East Walnut street, Santa Ana, Cal., says: "Off and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and my rest was badly broken. Further evidence of fault with my kidneys was shown by heavy sediment in the kidney secretions. Reading about Doan's Kidney Pills, I got a box at Dean's Drug Store (now Mateer's Drug Store) and soon after I commenced using them I noticed improvement. My back became strong and free from pain and the trouble with the kidney secretions was removed. I have not changed my opinion of Doan's Kidney Pills since I recommended them some years ago. The cure they made has been permanent."

TRAVEL CLUBS

Mrs. Visel Hostess to Section One and Miss Talbot for Section Two

The early part of the reign of "Good Queen Bess" in English history was studied yesterday by the first section Travel Club meeting at the home of Mrs. A. J. Visel. The study was made more interesting by descriptions given by Mrs. H. C. Dawes of the resting places of Queen Elizabeth and Queen Mary, the latter "Bloody Mary" of history. Mrs. Dawes has visited the tombs of these famous feminine rulers of Old England and told many interesting facts concerning them. The two queens who were such bitter rivals in life, lie near each other in the beautiful Westminster Abbey. At the end of the study period the Travelers were invited to the dining room where delectable refreshments were served. The Irish color motif was evident both in the refreshments and the decorations of room and table, shamrocks and other greenery being used effectively.

The next meeting of this section will be held at the North Main street home of Mrs. J. P. Baumgartner.

Travel Section, Number Two, was entertained yesterday afternoon at the Ross street home of Miss Mary Talbot. The ladies responded to roll call with current events items, then concluded the study of the Tyrolean Alps, and began reading of lovely Lake Garda.

The twenty ladies who were present enjoyed the dainty refreshments that were served by Miss Talbot during the social hour following the period of study. Miss Talbot, in deference to St. Patrick's Day, employed place cards of shamrock design each inscribed with an Irish rhyme. Greenery was effectively used in the house decorations.

A Farewell Party
A farewell party was given Saturday evening at the home of Myrtle and Nell Cathcart in honor of Miss Mattie Blackwood, who left this morning for Kansas, after a six months' visit with her sisters in Santa Ana. Games and music were played, after which several flashlight pictures were taken. Banana specials were served at a late hour.

Those present beside the honored guest and the hostess were the Misses Bessie and Mary Walkinshaw, Fannie Blackwood, Mrs. Easley, Irene and Lizzie McQueen, Margaret Pares, Mrs. Kent and Mrs. Mae Woodside; Messrs. Tom Easley, Willard Boyd, Woodrow Stewart, Clifford Matthews, Arna and Will Pendry, Dwight Paris, Irvine McCarther, Mr. Kent, Bert and Clyde Cathcart.

The color scheme was green for St. Patrick.

THE WEARIN' O' THE GREEN

Eastern Stars Sang Irish Strain as They Marched to St. Patrick's Day Feast

A gala time was enjoyed last evening by the members of Hermosa Chapter, O. E. S., who paid their respects to St. Patrick's Day. The ladies of the order busied themselves in the afternoon preparing an appetizing bean supper which was served in the banquet hall of the Masonic Temple. The hall and tables were royally decorated in emblems and colors significant of the day being celebrated. The eight tables employed were decorated with shamrocks, bouquets of the feathery carrot fern, smilax and miniature pigs decked with tiny green Irish flags. At either end of the long banquet hall was a tall white pillar, one of which was surmounted by a harp of gold and the other by a big inviting-looking ham, the nearest approach to a pig that could be secured by the committee. From the two pillars were festoons of anemones ferns and white carnations extending to a huge gold-banded green hat in the center of the hall, the immense hat being filled with white carnations. The effect of this unique and elaborate decoration taken with the handsomely trimmed tables, was very beautiful and lavish congratulations were bestowed on the committee of arrangements and its chairman, Mrs. H. Clay Kellogg. Indeed, the decorations were pronounced as the most beautiful that have ever been achieved in the Masonic Temple banquet hall.

The procession for the dining hall formed in the auditorium, the worthy Patron and other officers leading the march. The worthy patron and each of the escorts of the other officers carried a green pennant on which were the words "Erin Go Bragh" and the Irish emblems of a pipe and shamrock, all done in white. The marchers sang "Wearin' o' the Green" and as the head of the stairway leading to the banquet room was reached each one was presented with a tiny bottle filled with red liquid (beet juice) to which was attached a card inscribed "My true Irish blood." These were souvenirs of the gala event.

Probably 125 guests sat down at the inviting tables to partake of the cooked-to-perfection beans, the piquant salads, hot brown bread, translucent jellies, aromatic coffee and the dessert of apple pie and cheese.

After the Chapter session that followed the St. Patrick's Day supper, the social festivities were renewed, an exciting potato race in which the Irish spirit of emulation was abundantly demonstrated, and the tossing of bean bags afforded lively exercise for the dignified men and matrons as well as for the pretty girls and the younger men of the Chapter. "A royal good time" was the unanimous verdict of the company as they voiced their thanks to the Chapter officers who were the hosts of the evening. The entertaining officers were Worthy Patron J. W. McCormac and Mr. Prince L. Tople, Worthy Matron, with their staff, Mesdames Cora Cavins, George A. Whidden, Arthur Pease, Alice Tubbs, C. F. Crose, A. A. Avery, Geo. H. Dobson, Frank H. Worden, H. A. Wassum, W. W. Cleverger, H. Clay Kellogg, Emma Benedict, Myers, Miss Alice Trickey, Miss Martha Whitson.

Save your Hair! Beautify it! Invigorate your scalp! Danderine grows hair and we can prove it.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

MURDER SUSPECT IS NOT RIGHT MEXICAN

Justo Jaramillo succeeded late yesterday afternoon in convincing Sheriff Riddick that he is not Benigno Arellano, the alleged murderer of C. Guerra. The prisoner's wife and son, accompanied by a Los Angeles interpreter, convinced the officers that they had not the right man, and that the suspicion that had been attached to Jaramillo was unwarranted. He was released from the county jail and departed rejoicing.

JANE DOE HAD BEEN SPEEDING HER AUTO

She may have had another name, but if she had she certainly gave proof that a woman certainly can keep a secret, for when she was arraigned before Police Judge Willson today on the charge of speeding her auto on East Fourth street, she was obviously designated as Jane Doe.

Is that your name? was asked. "It will answer," she smilingly replied.

She also admitted that probably she had been burning up the dirt in her machine, and she was willing to pay \$10 fine for the fun she had out of it. Her brother—real brother—paid the fine, and together Miss Doe, and presumably John Doe, left the court room.

In "Burglars at Brighton," Herman Reuter has the part of James, the man-servant. Mr. Reuter uses a sort of delicate Cockney dialect in reading the lines of James and his politeness and willingness to help the characters in the farce out of their various scrapes are sure to prove a tremendous factor toward creating laughs.

THIS EGG IS LARGER THAN THE FIRST ONE

Already George Opp's champion big egg has to take second place.

Come now J. N. Osborn of the East Side poultry ranch and visits the Register office with the product of a Barred Rock hen that measures 8 by 6 1/2 inches, and weighs 3 3/4 ounces.

As a matter of fact the egg weighs close to 3 3/4 ounces, but Mr. Osborn is willing to let it go at 3 ounces.

It gives the Osborn egg the edge over Opp's egg of half an inch in dimension, and a quarter of an ounce in weight.

IN THE JUSTICE COURT

WINE CAUSE OF
WOMEN BEING
ARRESTED

Garden Grove Enlivened by the
Unruly Activities of Two
Fair Sex Members

Her name is Annie Hooper, so she said; and she admitted she'd been drinking "dago red." The evidence produced showed she had broken loose and that the red stuff had gotten to her head. It was only yesterday afternoon that Justice Cox had talked sympathetically and yet sternly enough to the woman in the hope that she would try something less intoxicating to allay her appetite or thirst, and the woman had promised that she would. It had been testified that on Sunday night she turned Garden Grove into a chapter of pandemonium. For her industry in that direction she was arrested.

It was a sad and sorrowful Anna Hooper whom Justice Cox beheld and she made promises of reform readily and faithfully. And she kept her promises just a few hours. For, once out of the care of the county jailer, she returned to her tempting grounds at Garden Grove, with the result that another bout with "dago red" was attempted, and as usual, the imitation wine and the genuine law, came off victors. Constable Clark and Deputy Powers took the Hooper woman and a female companion into custody, the former on a warrant from Justice Cox's court, and the latter upon complaint sworn to before Justice Shirley of Huntington Beach. The other woman in the case is named Eels.

On Petty Larceny Charge
Charged with petit larceny, Harry Wilson and David Ramseyer were arrested last night at Richfield and brought to the county jail here. This morning they were arraigned before Justice Cox and pleaded guilty to stealing some bananas, two cans of oysters and some cigarettes from the store of M. Boissacane. As Ramseyer is only 15 years of age, he was cited to appear in the juvenile court. Wilson was sent to the county jail for thirty days.

Woman "Floated" Away
Anna Hooper, the woman arrested Sunday at Garden Grove for "tumultuous" conduct, was arraigned before Justice Cox yesterday afternoon, and upon hearing the woman's pitiful story the court permitted her to go her way upon promising to go direct to Los Angeles and try to lead a better life.

SCHOOL FUNDS NOT
YET RECEIVED HERE

County Treasurer Joplin wishes it distinctly understood that he has not received \$16,280 from the state as Orange county's proportion of state school funds, nor has he received any other sum.

"We have simply received notice that we will receive this money," says Mr. Joplin. "As a matter of fact the money has not been sent to me, and I do not expect to receive it for some days yet. County Auditor Lester has simply received notice from the state controller that this money has been apportioned to Orange county. We will get it, all right, but we haven't gotten it yet."

Former Santa Ana Is Now Located At Phoenix, in Land Business
—Wm. Besser, formerly of Santa Ana, writes that he is now located permanently at Phoenix, Arizona, where he has associated himself with the Arizona Irrigated Land Co., and invites all his old friends of Santa Ana and Orange county to make his office their headquarters when in Phoenix. Mr. Besser writes that he has already purchased a large tract of land himself and sees so many former Santa Ana and Orange county people on the streets of Phoenix that he feels thoroughly at home.—Adv.

BRISK DAY FOR
BUSINESS IN
COURT

Pacific Electric Railway Given
Injunction Against the
Kilty Family

Business was brisk in the superior court this morning. Judge West handed down an interlocutory decree of condemnation in the right-of-way suit of the Pacific Electric Railway company against the Messrs. Kilty of Orange, who were recently awarded only \$100 for the land involved after the company had offered \$250 in settlement. The owners demanded four times the amount offered. At the same time an injunction was issued prohibiting the Kilty family from interfering with the work on the right-of-way and from removing any of the land.

A practical rancher to join our Santa Ana Yucapa orchards company No. 2 and care for the orchards. Steady employment. Come promptly for the work is ready.

The big Yucapa improvements are nearing completion. 62 miles of water mains, 3 distributing reservoirs, one 60 million gallon storage reservoir, 3 water tunnels two thousand feet long, seven big electric pumping plants, thirty-five hundred acres set to trees, schools, homes, churches, stores, hotel, newspaper, grocers' club house, good roads and other improvements too numerous to mention, all within 20 months, is the remarkable record for Yucapa valley. And such soil, climate, products, low prices and easy terms can be found nowhere else in Southern California. We make one day trips to Yucapa every week. Go along and see for yourself.

LOS ANGELES PRODUCE MARKET

The supply of Mexican tomatoes is rapidly cleaned up owing to the shortage occasioned by troubles in Mexico. Dealers say that no shipments are expected for a week or ten days at least. The price is around \$2.50 to \$2.75 per box. Rhubarb and asparagus are steady, owing to frost in the northern part of the state, whence the present supply comes. Florida eggplant was quoted at 15 to 20 cents a pound. The demand was not heavy. Good receipts of potatoes and onions were recorded and the markets rather easy for both vegetables.

There is still a fair supply of pears, which sell around 5 cents a pound. They will probably be cleaned up soon, however. Apple receipts were good. There is perhaps a shade steadier feeling in the banana market, and it is not unlikely that prices will soon advance. Navel oranges of good grade continue around \$2.50 to \$2.75 a box. Tangerines are quoted at \$2.25 in some instances.

ELKS ENTERTAIN PAST EXALTED RULERS

Delightful Dinner Served at
Handsome Home of the
Santa Ana Lodge

The Past Exalted Rulers' Association of Southern California, a social club whose membership is made up of those who have been complimented by their various lodges by election to the highest office in their gift, met in Santa Ana last night, and was the guest of the local lodge. This bunch of genial fellows meets occasionally upon invitation of the different lodges through their representatives in the association, and besides the ministrations to the inner man, spend a pleasant and profitable evening together in an interchange of ideas and discussion of plans calculated to promote the interests and general welfare of the Benevolent and Protective Order of Elks.

One of the features of these meetings—and perhaps the chief one—is the splendid banquet invariably served by the host lodge. Last night was no exception, and in a part of the

spacious banquet hall of the Elks' Home a banquet was spread which was fit for kings. The Dragon company catered, with F. W. Fuller as the presiding genius, and all former achievements of that well-known artist seemed to be eclipsed in the splendid effort put forth for this occasion.

The table decorations throughout carried out the St. Patrick's Day motif. The centerpiece was a sight to gladden the heart of any devotee of the good patron saint. Mounted upon a pedestal of green was a huge harp made of candles, and surrounding this, peeping out from a wilderness of greenery, were numerous green snakes, frogs and pigs. The scheme prevailed in all the different courses, from cocktail to coffee and ice, the former containing green olives and the latter—chocolate ice cream—being moulded in the form of a potato, eyes and all. With the meat course the green peas were served in corn-cob pipes, not even omitting the short stems; and the mints also took the form of miniature clay pipes.

Over the coffee and cigars a social hour was spent in merry jest. The business of the organization was transacted, and divers plans for the future discussed, and at 10:30 the banqueters dispersed and went their various ways homeward, all giving evidence of that satisfied feeling.

The lodges represented at last night's meeting of the association were: Riverside, Pomona, Los Angeles, Pasadena, Santa Monica, Whittier and Santa Ana.

The association accepted the invitation of Santa Monica lodge to hold the next meeting in that city, and fixed the date of the same for May 1, at 6 p.m.

LA HABRA FIELDS SHOWING ACTIVITY

Newly Developed Sections Are
Attracting Considerable
Outside Attention

LA HABRA, March 18.—Another wave of activity is sweeping over the newly-developed portions of the field, including La Habra Valley and the Coyote Hills. At least ten or twelve new wells have started drilling or have begun preparatory work within the last two or three weeks.

The Standard Oil Company has started drilling wells Nos. 3 and 4 on the Emery lease, and is building the rig for another well. No. 1 is still drilling and flowing, and No. 2 continues with a production of about 1000 barrels a day. The company has recently taken a new lease near the Emery property, and apparently has adopted its usual policy of developing demonstrated good property at a cyclonic pace. No. 1 well on Coyote Hills lease No. 2 has been started and three are drilled on the No. 1 lease.

The Union Oil Company is not far behind with two new drilling wells on the hole lease, and the rig is up for a third. This lease of about twenty acres, which is in La Habra Valley, has not previously been drilled. The Amalgamated is making preparations to start wells Nos. 18 and 20 on the Anaheim Union Water lease. Nos. 14 and 16 are drilling, having been started some time ago. The new No. 12 well has produced lately about 2000 barrels a day, beside a large quantity of gas.

The Brand-Stevens Oil Company, Ltd., spudded in its well last Friday evening. The stock in this new concern is said to be owned by just a few men, among whom is Brand, the Detroit brewer, who is understood to possess a large fortune. H. Klausner, an easterner, who came to California about a year ago, and who is interested in the Walker-Brand Company, is general manager and superintendent of the Brand-Stevens.
